GREENEVILLE

Death of James Conklin, Former Resident Here—Personals and Notes.
Word has been received of the death of James Conklin, formerly a well known resident here but of late of Gloversville. He was 78 years of age, born in New Jersey, and lived here for a number of years. While here he was a spring maker and a foreman for the Mowry, Axtell & Co. machine Co. Mr. Conklin was chief of the Greenville Fire department before that department was turned into the city. He took much interest in politics and was a member of the Knights of the Ku Klux Klan. On October 30, 1883, he married Miss Isabella McDonald, a native of Scotland. She died in 1907. He was 58 years ago Mr. Conklin married Miss Anna E. Savage of Norwich. She died in Gloversville, November 10, 1909, aged 48 years. Mr. Conklin leaves two children, John Conklin of Gloversville and a married daughter in Brooklyn. There are other relatives.

PERSONALS AND NOTES.

John J. Eskin spent the week end here with relatives.

The Greenville Grammar School boys are organizing a basketball team.

A number of local sports will accompany the Greenville Athletic club to Rockville Thursday.

APPOINTED MEDICAL EXAMINER

Dr. C. C. Gildersleeve Chosen by Coroner Brown to Succeed the Late Dr. Rush W. Kimball—New Appointee Has Been Successful Practicing Physician Here Since May 12.

May 12, coming here from Woodstock at that time. Since locating here he has built up a large practice and has been regarded as one of the leading physicians of the city.

He is a native of Northport, N. Y., but at an early age New York city became his home. He was educated in the public schools there and in the University of the City of New York. He graduated from Yale medical school, class of 1895, and after that from the Worcester City hospital. For fifteen years after that he was a practicing physician in medical circles in Woodstock and the surrounding towns, and during this time was prominent in Windham County medical circles.

For 14 years he was physician and surgeon for the Day Kimball hospital in Putnam.

While located at Woodstock, he was president of the Windham County Medical association for some time, and because of his skill was called in consultation with medical men in Southbridge, Worcester and other places besides the Windham County.

At present Dr. Gildersleeve is a member of the Norwich Medical association, the county and the state medical associations, of the Masonic, Odd Fellows, United Workmen and Moose fraternities and also of the Norwich Board of Trade and of the Arcanum club. Dr. Gildersleeve is serving his third year on the board of health.

He has extensive qualifications for the position fit him well for his duties, while his many friends here has been pleased to hear his selection.

Dr. Gildersleeve, with his family, has been a resident of this city since May 12, 1915.

WRANS AGAINST CHURCH BECOMING CLUBHOUSE

Bishop Brewster Says This Is the Ultra-Modern Trend.

Rt. Rev. Chauncey B. Brewster, bishop of the Episcopal diocese of Connecticut, sounded a note of warning against the trend of ultra-modern church methods which threaten to make the church merely a clubhouse rather than a place for earnest spiritual work and thought, which is the real mission, in an address at the laying of the cornerstone of the new Christ church parish house at West Haven Sunday afternoon. Not only the church itself, he said, but church parish houses also, are often abused in this way by using them as mere amusement places, with the real and earnest side of church life subordinated or entirely obscured.

A parish house is a great aid to a church, said Bishop Brewster, if used properly. He thought, it only right, however, in speaking on an occasion of this character, to point out some of the ways in which it might be abused and urged that Christ church guard against them. He named several of the activities which have come to be popular in modern churches, such as amateur theatricals, dances and amusements of this character, saying that they were very proper, when properly used, and might, with propriety, come within the circle of things for which a parish house might properly be used, but very emphatically wrong if allowed to obscure the more important work of the church.

The pantry, in particular, he thought, is coming to play too important a part in the work of some churches.

He urged that the parish house be put to no use which would have the effect of undermining the earnestness which should be in all church activities. He congratulated the new church on the part of the rectory, the Rev. Gloyd Steele Kenyon, on having made a start on so splendid a structure.

METHODISTS ARE LARGEST PROTESTANT BODY

New Numbers 4,033,123—Net Increase in Year Was 164,000.

The membership of the Methodist church, the great northern body of that name, now numbers 4,033,123. This is the largest single Protestant body in the world. This, according to the Methodist Year Book, issued Monday. The net increase in membership last year was 164,000.

According to the report Methodism is losing slowly in New England, but is holding its own in the New York district. It is growing most rapidly in Philadelphia, Chicago, Omaha and Minneapolis.

Three hundred and thirteen thousand eight hundred Sunday school children were added last year, the largest increase in Methodist history. There are now 4,497,000 Sunday school children, many more than of any other religious body. There are 30,000 Methodist ministers.

The quadrennial conference will meet May 1 in Chicago, a burning question to be decided is the appointment of a racial bishop. It is proposed that a plan will be adopted to gather white Methodists in the north and south in one great group and all negroes in another. Methodist property in America is worth \$329,410,000; annual expenses are \$40,000,000.

FOR ARM BROKEN AT NORWICH MILL

Made One of Three Compensation Agreements Filed by Commissioner.

Three, new approved workmen's compensation agreements were filed on Monday at the office of the clerk of the superior court by Dr. James J. Donohue, compensation commissioner. They were the following:

Shutucket Co. employer, and Paulina Kawalewski of 24 White street, this city, employee, whose arm was broken between wrist and elbow on Oct. 30, compensation \$5 per week during incapacity from Nov. 1 to Jan. 1, 1916.

Jewett City Textile Novelty Co. employer, and Floyd Ray of Jewett City, employee, who on Oct. 2, 1915, in evading a drum of caustic soda, was injured in the right arm. The employee returned to work on Nov. 1 and full wages were paid by the employer during entire period of disability. The agreement was made after employer's attention had been drawn to Sec. 11 of the compensation act.

William A. Slater Mills, Inc. of Jewett City, employer, and John D. Jewett City, employee, who on Oct. 2 had middle finger on left hand bruised in skin being broken by a hammer. \$4 per week during incapacity from Nov. 2.

TAFTVILLE

Pioneer Boys of Taftville Organize With Former Resident Members—Notes of Interest.

Former residents of Taftville living in the vicinity of New Bedford and other places have organized a society called the Pioneer Boys of Taftville. Recently they held an annual outing at Rocky Point. The party met at the Providence depot at 10 a. m. and went to Rocky Point. Some of the old time some of the boys had not met before in 32 years. After doing justice to a good dinner, all went to see the archery, which were to be taken in. Lucky some were not taken in themselves. After lunch, everything that was to be seen, the meeting was called to form a permanent club to be called the Pioneer Boys of Taftville, meetings to be held once a year at Rocky Point, the second Sunday in August. William Booth was elected president, Albert Rollins, vice president, Richard Dunne secretary and treasurer.

The list of those that were at the dinner: Thomas Stone, 144 Bonny street, New Bedford, Mass.; William Brierly, 154 Butler street, New Bedford, Mass.; Joseph Whitebottom, 141 Ansonie street, New Bedford, Mass.; Edward Wheelen, 1 Seaver street, New Bedford, Mass.; John Bee, New Bedford, Mass.; Thomas Dobson, Y. M. C. A. Pawtucket, R. I.; Thomas Livingston, 355 Prospect street, Pawtucket, R. I.; William Kinder, 83 Calais street, Pawtucket, R. I.; Fred Roy, 57 Garden street, Pawtucket; William Sanderson, 232 Washington street, Pawtucket, R. I.; John Adams, 140 Main street, Pawtucket, R. I.; Joseph Lavoie, Arlington, R. I.; Joseph St. Martin, Holyoke, Mass.; Richard Rollins, 140 Main street, Pawtucket, R. I.; and the Jarry brothers of New Bedford, Mass.

It has been received here that those desiring to join the Pioneers are requested to leave their names with George W. Weller or John D. Sharples. The organization is meeting with good favor and is stimulating better fellowship among the former residents.

**Get the Habit of
Drinking Hot Water
Before Breakfast**

Says we can't look or feel right
with the system full
of poisons.

Millions of folks bathe internally now instead of loading their system with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles if you could believe these hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of real hot water which if not eliminated every day, become food for the millions of bacteria which infect the bowels, the quick result is indigestion, constipation, kidney misery, sleeplessness, impure blood and all sorts of ailments. People who feel good one day and badly the next, but who simply can't get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so limestone phosphate and hot water act on the stomach, liver, kidneys and bowels. It is vastly more important to bathe on the inside than on the outside, because the pores do not absorb impurities into the blood, while the bowel pores do.

Spent Sunday here, the guest of friends.

Miss Helen Thompson is visiting in Boston.

Mrs. William Stone is visiting in Fall River this week.

R. Molo and E. Fretchette have returned home after a short stay at fishing trip with Rev. Father Metoyer.

Harry Jervis spent the week end at New Haven, the guest of George Weller, Jr., who is a student at Yale.

Arthur Blackler, student at the Connecticut Agricultural college, spent the week end at the home of Mr. and Mrs. George Weller.

The Ladies' Aid society of the Taftville Congregational church has completed arrangements for a food sale in the Fomenah hall.

Mrs. D. Frechette and son Clement have been visiting a week in Providence, the guests of Mrs. Frechette's father, Henry Roy.

Mr. and Mrs. Henry Tetreault and Miss Annie McCarthy spent Monday in Willimantic attending the Logan and Morrisette wedding.

The Cornerstone club held a meeting Monday evening at their headquarters and transacted their regular business meeting; also plans were discussed for the holding of their annual minstrel show and entertainment.
